Executive Vice President & CFO

Michael Snyder, MSW / LSW

Executive Vice President & COO

Dear Friend of Family Service,

Family Service, southern and central New Jersey's leading behavioral health and wellness agency, needs your support as a corporate sponsor! Because of the generosity of organizations like yours, we provide critical programs for our community's most vulnerable adults, children and families.

Instead of asking for your support several times throughout the year, we want to offer you a corporate sponsorship package encompassing ALL FOUR of our major fundraising events in 2010!

Haddonfield Progressive Dinner- April 23, 2010

Brigantine Progressive Dinner- July 10, 2010

Family Service 5K Run- October 23, 2010

Moorestown Progressive Dinner- November 12, 2010

Proceeds from the events will benefit two critical service areas:

1) Services for Veterans

After returning home from serving our country, our nation's heroes often face severe and overwhelming mental health challenges. Your donation will support veterans and their families in our area who struggle daily to access food, clothing, shelter, health services and transportation. Together, we can help deserving community members in need move forward on the path to recovery.

2) Family Service Food Pantry

Hunger continues to be a sad reality for thousands of families in South Jersey. The **Family Service Food Pantry** serves over 200 families a month. Our consumers often face the harsh dilemma of spending their meager financial resources to purchase the medication which keeps them mentally stable or to purchase food. With help from our local community, we can provide a sense of hope and ensure that food does not have to be a choice.

For the last 5 years, Family Service's **Moorestown Progressive Dinner** has been the premier event in town. Prominent attendees enjoy a gourmet meal prepared by a renowned chef in some of the most glamorous homes in South Jersey.

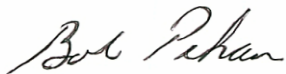

2010 marks the first year for the **Haddonfield** and **Brigantine Progressive Dinners**. Both communities have opened their hearts and arms to Family Service and we are confident the dinners will follow in the success of the Moorestown event.

Keeping with tradition, the 5th Annual **Family Service 5K Run** will start and finish at The Charles Yates Center for Children and Families in Lumberton. In 2009 the race attracted over 225 runners and walkers and is expected to continue to grow in popularity.

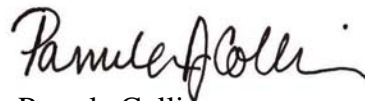

Your sponsorship will strengthen our capacity to provide behavioral health services while demonstrating your commitment to those in need. You will also receive great marketing and public relations opportunities which will help your company shine consistently throughout the year as an advocate in our community. Please see the back of the attached form, which outlines sponsorship and advertising levels.

If you have questions, please contact the Development Office at (609) 267-5928. Thank you for supporting the work of Family Service!

Sincerely,

Bob Pekar
